Estimados Sres.:

Mölnlycke Health Care se ha posicionado como una de las empresas líderes en la comercialización de productos sanitarios en España y Portugal, cuyo objetivo principal es ofrecer servicios y productos con la máxima calidad y gestión personalizada, conjugando los principios de capacidad y competitividad con el compromiso de satisfacer las necesidades de cada uno de nuestros clientes.

Con motivo de la aparición de la pandemia Covid-19, el mercado sanitario se ha visto afectado por importantes desafíos personales y materiales. Como probablemente conoce, se ha producido un aumento sin precedentes en la demanda de algunos productos, lo que ha supuesto un auténtico desafío para la Compañía, igual que para el resto de empresas del sector, el poder garantizar tanto la disponibilidad de producto como el mantenimiento de las condiciones previamente establecidas.

Lamentablemente, esta situación también ha conllevado la escasez de materias primas con la consiguiente elevación de los precios de las mismas, un incremento en los costes de transporte y la necesidad de aumentar la capacidad de producción de las fábricas mediante la incorporación de turnos de noche y de fin de semana, afectando todo ello, al coste total del producto.

Mölnlycke ha trabajado incansablemente para mantener el suministro y los precios dentro de la normalidad, sin embargo, debido a las circunstancias actuales expuestas anteriormente, y para poder hacer frente a esta nueva situación, nos vemos obligados a revisar el precio de algunos de los productos que actualmente les suministramos.

Somos conscientes de que uno de los principios básicos que rigen el derecho privado español es el principio general conocido como "*Pacta sunt servanda*" que obliga al cumplimiento de los contratos.

No obstante este principio encuentra su excepción en la cláusula *Rebus sic stantibus*, basada en el hecho de que, ante una alteración sustancial de las circunstancias en las que debe desarrollarse el contrato, se produzca un desequilibrio entre la prestación y la contraprestación, se pueda llevar a cabo una modificación de los términos del mismo.

Para la aplicación de dicha cláusula es necesario el cumplimiento de las siguientes circunstancias:

1.º) Debe darse una alteración sobrevenida, extraordinaria, imprevisible e imputable de las circunstancias en el momento de cumplir las obligaciones en relación con las existentes al tiempo de la perfección del contrato;

2.º) Las circunstancias sobrevenidas ocasionar un desequilibrio radical de las prestaciones, un trastorno de tal magnitud que se genere una desproporción exorbitante entre las partes, o incluso la imposibilidad manifiesta del cumplimiento.

3.º) El recurso a la aplicación de la cláusula *Rebus sic stantibus* tiene carácter extraordinario, de forma que sólo se puede recurrir a ella si no existen otros medios razonables que permitan solventar el desequilibrio en las prestaciones o la imposibilidad en el cumplimiento.

4.º) Debe existir además una relación causal entre la desproporción exorbitante entre las prestaciones y la alteración extraordinaria e imprevisible de las prestaciones. Es decir: la relación entre el desequilibrio o imposibilidad de cumplimiento y las circunstancias sobrevenidas debe ser directa.

Es evidente que la crisis sanitaria generada por el Covid19 ha alterado las circunstancias anteriores con tal magnitud que podemos afirmar que se cumplen todas las condiciones arriba relacionadas. Por lo tanto, lo anteriormente expuesto, sirva el presente escrito para comunicarles que, a partir del próximo 15 de julio, los nuevos precios de los productos que nos hemos visto obligados a revisar son los relacionados en el Anexo I adjunto.

Sin otro particular, agradeciendo su confianza y apoyo quedamos a su disposición para solventar cualquier cuestión que les pueda surgir.

Buenos días José Manuel:

He intentado ponerme en contacto contigo estos dos últimos días pero me ha sido imposible. Te escribo por lo de la actualización de precios, recordarte que el día 15 de Julio vence el plazo para actualizar los precios y todos los pedidos que no vayan con los precios actualizados se bloquearán automáticamente. No es un tema local, ni siquiera nacional, es a nivel Europeo y son normas que estamos obligados a cumplir desde nuestra central.

Saludos

Estimado cliente,

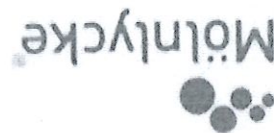

Como ya conoce, con motivo de la pandemia Covid-19 el mercado sanitario se ha visto afectado por importantes desafíos personales y materiales. Se ha producido un aumento sin precedentes en la demanda de productos sanitarios lo que ha provocado una subida muy importante en los costes de las materias primas así como en otros asociados a los productos, como por ejemplo los logísticos. Mölnlycke ha hecho un esfuerzo por mantener los precios que teníamos con ustedes pero, bajo las nuevas circunstancias, nos hemos visto obligados a subirlos en determinadas referencias.

Adjunto a este correo encontrará una carta que explica más en detalle la decisión tomada así como un Anexo en el que se relacionan los nuevos precios a aplicar en determinadas referencias y que serán efectivos el 15 de Julio.

Ponemos en copia de este correo al delegado que gestiona su cuenta, quien se pondrá en contacto con usted en los próximos días para aclarar cualquier duda que pueda tener en relación con este tema. Agradeciéndole de antemano su comprensión, reciba un cordial saludo,

**Lidia Henao**

Buenos días José Manuel:

He intentado ponerme en contacto contigo estos dos últimos días pero me ha sido imposible. Te escribo por lo de la actualización de precios, recordarte que el día 15 de Julio vence el plazo para actualizar los precios y todos los pedidos que no vayan con los precios actualizados se bloquearán automáticamente. No es un tema local, ni siquiera nacional, es a nivel Europeo y son normas que estamos obligados a cumplir desde nuestra central.

Saludos

Estimado cliente,

Como ya conoce, con motivo de la pandemia Covid-19 el mercado sanitario se ha visto afectado por importantes desafíos personales y materiales. Se ha producido un aumento sin precedentes en la demanda de productos sanitarios lo que ha provocado una subida muy importante en los costes de las materias primas así como en otros asociados a los productos, como por ejemplo los logísticos. Mölnlycke ha hecho un esfuerzo por mantener los precios que teníamos con ustedes pero, bajo las nuevas circunstancias, nos hemos visto obligados a subirlos en determinadas referencias.

Adjunto a este correo encontrará una carta que explica más en detalle la decisión tomada así como un Anexo en el que se relacionan los nuevos precios a aplicar en determinadas referencias y que serán efectivos el 15 de julio.

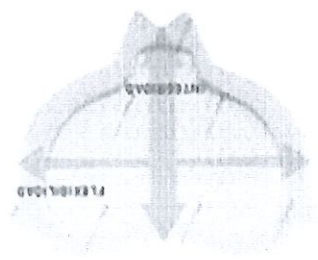

Ponemos en copia de este correo al delegado que gestiona su cuenta, quien se pondrá en contacto con usted en los próximos días para aclarar cualquier duda que pueda tener en relación con este tema.

Agradeciéndole de antemano su comprensión, reciba un cordial saludo,
